Is an old criminal charge or conviction in **Douglas County** getting in the way of you finding housing, the job you want, public benefits or an education?

**Setting aside your conviction or sealing a dismissed criminal record may help!**

Please join us at the set aside and sealing clinic to get the paperwork you need to file with a court to get your case set aside or sealed.

**Pre-registration is required. You can register for the CLINIC here:**

Also, there will be a class starting at 9:00 to give people information about setting aside or sealing a record and modifying child support orders.
